EXPERIENCE

Amsterdam University of Applied Sciences
Amsterdam, Netherlands
Sept 2025 - Jan 2026

Teaching Assistant(TA) - Front-end Development

- Helping students reach their maximum potential by helping them in a constructive way with their problems.
- Helping the teacher to grade the work the students created based on my own experience.

Ecocharting
Utrecht, Netherlands
Apr 2025 - Jul 2025

UI/UX Designer Intern

- Worked on optimizing the login and signup flow with design focus on Auth0.
- Created the dashboards for the GHG Module in their software. That was shown to their users on the biggest event of the company and received positive feedback and grew the customer base of the company.
- My final grade for the internship was a score of 8.
